Location of Ammunition Dumps near MISKOLC

1. There is a large concentration of underground ammunition dumps at PINGYOM, near MISKOLC. The actual site is reached by turning off the MISKOLC-BUDAPEST road towards HERSANY and carrying on for 11 kilometres.
2. No Hungarians are allowed beyond the village of HERSANY. The road is blocked by a Russian guard post, and only Russian troops are allowed to pass. A Russian camp, details of which are not known, is believed to be situated on the plain just east of PINGYOM. Hungarians are allowed to take the southern route out of HERSANY.
3. In 1944 these underground dumps contained Hungarian munitions. These were blown up on the adjacent plain by the Russians, who then enlarged the dumps and filled them with their own ammunition.
4. It is believed that the products of the munitions factories at DIOSGYOR are also stored here.
